Success for Every Child

Date: 20 Feb 2025

Dear Year 1 Parents,

Measles, Mumps, Rubella & Varicella (MMRV) for Year 1 students

The School Immunisation Team (SIT) from the Department of Health will visit our school on **13th March 2025 (Thur)** to administer MMRV vaccine to eligible Year 1 students. Information on these vaccines issued by the Centre for Health Protection will be sent home with your child today.

Please read it carefully and return the completed form along **with the original immunisation record** to the school by **27th February 2025 (Thur)**. If you **do not consent**, you will need to complete the Refusal Form and return the form to us.

Children born after 1 Jul 2018 should have received MMRV at 18 months old in Maternal and Child Health Centres. If your child has been having the immunisation according to the Hong Kong Childhood Immunisation Programme, they should complete the requirement and do not need to join this mop-up campaign. The MMRV are for students who have never received/ have not completed the doses.

** If you are unsure if this immunisation is required but you are happy for it to go ahead, my advice is to consent and send your immunisation book in. The CHP team will check all records before administering and will only give them if needed. **

If you have any questions about the vaccines, please contact the SIT at 2615 8585 or 2615 8563 during their office hours.
